

CV for Gordon Monro

Gordon Monro is a digital media artist who lives in Ballarat, Victoria, Australia. Gordon has a background in science and mathematics; he became involved in electronic and computer music in the 1990s, and later undertook a Masters in Music (Composition) at the Sydney Conservatorium of Music, which he completed in 2007. During his Masters studies Gordon worked on abstract videos, and since then he has become increasingly involved with visual art. He is currently undertaking a PhD in the Faculty of Art and Design, Monash University, working on computer-generated art. Gordon commenced exhibiting in art galleries in 2008.
